Dear Sir:

The applicant hereby respectfully submits the following Third Preliminary Amendment.
Please amend the above-identified application as follows:

In the Claims:

- Sub A1* 1. (Twice amended) An amusement entertainment system having image integration capability, having a plurality of separate entertainment areas, the system comprising:
a storage card capable of digitally storing image data, the storage card being transportable and usable in at least one of the plurality of entertainment areas;
at least one of the plurality of entertainment areas having an integration subsystem comprising
a card reader in said integration subsystem for reading the image data stored on the storage card;
a processor, coupled to each card reader, for manipulating the read image data to produce modified data;
storage means, coupled to the processor, for storing and retrieving predefined image data for varying the image data read from the storage card to create modified data; and
